

75 Page Street London SW1P 4LT (16/08000/FULL)

We have no objection to the proposed awning.

Since there was earlier a pub on this site the sliding doors will not make the normal use of the restaurant noisier than the noise from the pub in the past, so we have no objection to these.

However it disturbs us that the mechanical plant installation 'required to implement a Restaurant scheme' was not part of the consented scheme and this installation might well be objectionable to the residents of neighbouring properties.
