Consultation on Traffic Management Proposals GREAT PETER STREET

24th April 2017

Ref: 7283/SD

I am writing on behalf of The Thorney Island Society to object to the proposal to provide four diplomatic parking spaces in Great Peter Street. Westminster City Council has recently approved several new commercial-to-residential developments in this area which do not have any parking provision or restrictions on residents obtaining parking permits. This will result in extra pressure on the existing parking spaces, so the loss of three spaces in Great Peter Street is not acceptable.

We suggest that one space is made available, replacing the single yellow line, and the Embassy is advised as to where they can rent parking spaces nearby. The underground car-park in Arneway Street is not far away.
