Thank you for your letter dated 25th January 2013. along with a copy of the application papers for the above, for our comments. The application's Design and Access Statement is extremely detailed and the drawings make the proposls very clear.

The proposal is interesting and imaginative . We have come to expect a high standard of design, and this follows on its quality and encourages a high standard of 'public art'.

The Thorney Island Society looks forward to seeing the proposal in place in due course.

We trust our observations and comments will be of assistance and ask that our comments be made known to the Committee.

Yours Sincerely
for and on behalf of the Thorney Island Society
