10 Greycoat Place London SW1P 1SB (24/05132/FULL) 25th October

The Thorney Island Society objects to this belated application, which we note follows a similar application made in 2022 and which was subsequently withdrawn (22/06160).

The proximity of the terrace to Artillery Mansions means that residents of the upper levels of Artillery Mansions are bound to notice the coming and going of office workers to the terrace, and will hear loud conversation. Although mention is made of 'quiet time' and the Security personnel controlling use of the terrace, it seems to us unlikely that they would be able to prevent lively/raucous conversation.
