5 Seaforth Place London SW1E 6AB (24/02449/FULL) 24 Jun 2024

The Thorney Island Society fully supports the application for the café pavilion in Seaforth Place. The Onion Garden has been a place of real joy to local residents and workers. It enhances the otherwise dreary location, which would otherwise be unused, and improves the local environment. The café building would make the whole enterprise much more sustainable because the café can be used year-round.
