

20/02361/FULL | Additional floor on the Townsend House scheme

Townsend House Greycoat Place London SW1P 1BL

We were consulted on this change to the application some months ago and we made it clear that we would object. The addition of the rooftop pavilion is unacceptable. It is an alien element on an otherwise coherent façade. The fact that it is set back from the main façade reduces its impact on the views from Rochester Row and Greencoat Place, but it is highly intrusive in all other views because this is such a prominent site, dominating the view down Artillery Row and Greycoat Place.
