Reasons for comment:

Comments: It is our opinion that this application for extension of the Permitted use is a matter for consideration by the Local resident community and by WCC Highways. What has been the experience to date ? Has there been any infringement of the existing conditions ? Has it been shown to be disruptive in any way - by noise, physical obstruction, litter, and appearance: being unsightly in the Conservation Area - particularly being on the approach to Smith Square. Are there circumstances where the time restrictions should be changed or introduced ?These are matters for Officer to clarify and the The Committee to determine.
