For the attention of Jennie Humphrey

24th February 2013

Dear Miss Humphrey

Ref 13/00488/FULL
Dean's Yard SW1P
Construction of new storage building in south-west corner
of Dean's Yard for Westminster Abbey

Thank you for sending a copy of the planning application relating to the above proposal, with your letter dated 15th February 2013.

We regret to have to say that we find the application is incomplete and short of extremely relevant information. There is no scale drawing indicating the size and height of the building nor an adequate dimensioned site plan indicating the position in the Dean's Yard. This is relevant information for any application, but given the importance of the Dean's Yard particularly so.

We would point out that we are also considering the application for the proposed change of use of number 4 Dean's Yard, from office use to residential. The proposed building appears to be immediately in front of the residence of the Headmaster.

In order that we are able to formally comment on the application we would be grateful if the information were made available to us - and also presumably to you for the Council's records. As to whether a 'Cab Drivers' hut is an appropriate example to follow, we will await the receipt of the information before formally commenting

We trust our observations will be of assistance.

Yours Sincerely
for and on behalf of the Thorney Island Society
